Premium Bowl and Vessel Lathe

Robust is the only lathe manufacturer to offer a full seven year "**Head to Tail**" warranty.

That's right, every nut, bolt, switch, bearing, you name it, is warranted for seven years.

When we say everything, we mean everything.

How can we do that when some lathe manufacturers won't even warrant the spindle bearings?

Easy. We make them to last.

ROBUST

Because the making matters.
