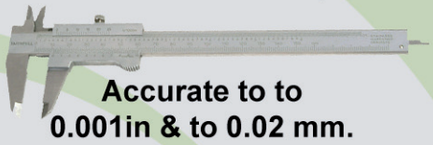
200mm	£8.65

150mm Vernier Caliper



Accurate to to 0.001in & to 0.02 mm.

£23.90

The Trend Airace Airshield Respirator is a dust mask with replaceable filter. The filter has a much larger surface area than most others for better protection and air flow. Your hot breath is vented via a one way valve situated under the filter to prevent your eye protection from fogging and to prevent the masks filter from becoming damp.

Respiratory protection to BS EN143 P2.

£50.34

An Elipse Half Face Mask weighs less than 135g and is comfortable to wear, making it suitable for use over longer periods that others. They use a low profile shape to maximise your field of vision.

Supplied with filters (replaceable) and storage bag.

Uses P3 filters to catch at least 99.95% of airborne particles.

£18.95
