nova™ Woodturning lathes

*Revolutionary **DVR XP intelligent technology** gives you a safer and smoother turning experience*

This powerful, super smooth, direct drive lathe has unique safety sensing, shutting down the spindle when it detects a chisel dig-in.

- Large capacity 400mm (16") inboard, 740mm (29") outboard with optional outrigger accessory and 600mm (24") between centres
- The between centres capacity is extendable in 500mm (20") increments
- Advanced electronic variable speed 100-3500rpm perfect for large bowl and spindle work down to small pen turning
- 5 custom speed settings so you can preset speeds for your whole turning project
- 2-year warranty on motor and 5-year limited warranty on parts*
